

Need a warmer home?

Was your street ready for winter? **Scan the QR code** or go to link at bottom.

Get free insulation, £5k-£25k grants, improved heating controls, and other energy efficiency improvements if your total household income is less than £30k or via other means testing. Search “sustainable warmth grant” at Reading Borough Council website or call 0118 937 3787.

DraughtBusters – free help and advice. Get a free home heat loss survey from DraughtBusters to see your urgent low-cost improvements and free advice on doing your own work. Or get in contact to help others in need.

We are working with others locally and across the UK with the view to:

- 1) Bring urgent additional support to help keep people warm.
- 2) Establish a nationwide insulation programme.
- 3) Permanently fix our broken energy system.

If you are an individual or local association and would like to be involved then please contact Reading for Warm Homes at: rwh@readingfoe.org.uk

Warm homes petition to Reading MPs

<https://actionnetwork.org/petitions/reading-for-warm-homes>

or tinyurl: <https://tinyurl.com/5n7tu5tt>

We're calling for:

- Urgent support for people dealing with sky-high energy bills. Price guarantees, targeted extra payments and fair energy pricing.
- A new emergency programme to insulate our heat-leaking homes. Upgrading our homes with insulation is the cheapest and easiest way to permanently reduce bills.
- An energy system powered by cheap, green renewables. To end the need for expensive and polluting gas in the long term, we must move to a homegrown, renewable energy system.
